REGULATIONS

OF THE

MEDICAL DEPARTMENT OF THE UNIVERSITY.

The Medical Department is under the immediate government of the Medical Professors, who constitute the Faculty of Medicine, subject to the Rules and Statutes of the Board of Trustees. It includes

A Professorship of Anatomy,
A Professorship of the Theory and Practice of Medicine and Clinical Medicine.
A Professorship of Materia Medica and Pharmacy,
A Professorship of Chemistry,
A Professorship of Surgery,
A Professorship of Obstetrics and the Diseases of Women and Children,
A Professorship of the Institutes of Medicine.
Clinical Instruction in Medicine and Surgery.

The Medical Faculty hold meetings for the purpose of arranging and conducting the business of their department, and for the preservation of order and decorum among the medical students.

One of the members acts as Dean, whose duty it is to keep the Minutes of the Faculty, to arrange the examinations of the candidates for graduation, to conduct the business of the Faculty at their meetings, and to attend to correspondence.

The Session for the Medical Lectures begins annually on the first Monday of November, and ends about the middle of March ensuing.

The Commencement for conferring the Degree of Doctor of Medicine, is held by a special mandamus of the Board of Trustees, late in March or early in April.

Graduates of five years' standing of respectable Medical Schools

on the ad Eundem list, are permitted to attend upon a General Ticket of admission the course of Lectures free of expense, except the Matriculating Ticket.

The following are the Rules in force in relation to the Degree of Doctor of Medicine.

1. The candidate must have attained the age of twenty-one years, have applied himself to the study of Medicine for three years, and have been, during that time, the private pupil, for two years at least, of a respectable practitioner of Medicine.

2. The candidate must have attended two complete courses of the following lectures in this Institution:

Anatomy,
Theory and Practice of Medicine,
Materia Medica and Pharmacy,
Chemistry,
Surgery,
Obstetrics and the Diseases of Women and Children,
Institutes of Medicine.

3. The candidate must also have attended one course of Clinical Instruction in the Philadelphia Hospital, (*Blockley,*) or the Pennsylvania Hospital, or some other Institution approved of by the Faculty of Medicine.

4. Medical students who have attended one complete course in a respectable Medical School, where the attendance on two complete courses is necessary to a degree, where the same branches are taught as in this, and which is placed upon the *ad Eundem* of this school, are permitted to become candidates by an attendance here upon one full course. They are also exempted from the payment of fees upon attending here a second term.

5. When a candidate applies to the Dean for admission, he must exhibit his tickets to prove that the above Rules have been complied with.

6. The candidate, at the time of his application, must deliver to the Dean of the Medical Faculty a Thesis, composed by himself, on some medical subject. This thesis is referred to one of the Professors, who shall examine the candidate upon it, and make his report thereon to the Medical Faculty.

7. When a candidate is rejected, his essay will be retained by the Medical Faculty.

8. When a candidate withdraws his essay before examination, he will, upon re-application, be placed at the foot of the list.

9. The essay must be in the candidate's own hand-writing, and must be written uniformly on letter paper of the same size, the alternate pages being left blank.*

10. General bad spelling in a Thesis, or general inattention to the rules of grammar, will preclude a candidate from examination for a degree.

11. A Thesis may be published by the candidate if he desire it, the permission of the Professor by whom he was examined thereon being first obtained; but no alteration shall be afterwards made in such thesis without the consent of the said Professor.

12. The voting on the case of each candidate is by private ballot, and three negative votes shall reject him.

13. The candidate shall pay the fees of graduation, at the time of his examination, or before receiving notice of his success; and before his name can be entered on the Register of passed candidates, for the purpose of being reported to the Board of Trustees and included in the mandamus for a Degree.

14. Candidates who have passed their examination, and in other respects complied with the regulations, are to be reported by the Dean to the Provost, who will communicate such report to the Board of Trustees, in order that, if approved of by them, their mandamus be issued for conferring the Degree.

15. The Degree will not be conferred upon a candidate, who absents himself from the public Commencement, except by special permission of the Medical Faculty.

16. Graduates of Medical Schools, on the ad Eundem list, by attending on a full set of Tickets, one complete course in this Institution, are put upon the same footing with students who have attended two complete courses here.

* *The Essay should be written on Thesis paper, which can be procured at the Medical bookstores. This is for the purpose of convenient binding together into volumes.*

Rules of Examination for the Degree of Doctor of Medicine.

The names and essays of the candidates are to be presented to the Dean on or before the first day of February in each year. The candidates are then to be divided, either by their own arrangement or by that of the Dean, into classes of eight persons each.

These classes will be designated numerically by lot, and then formed into groups of seven each.

The examinations will begin regularly on the last Monday of the Session.

No person's name will be received on a class unless his essay be in possession of the Dean; nor is his name to be attached to a class by any other than the Dean, unless he shall have signified his desire to that effect.

The classes are to call at the houses of the several Professors, or at some other place designated by the latter; and when in attendance, each of the individuals composing a class is to be examined separately, and in the order of his name on the list of his class.

Each Professor is to keep a list of those examined by him, and opposite to the name of each candidate is to note the result of his examination, with the view to vote in the affirmative or negative, as to his qualifications for the Degree.

As the examinations of each group of classes shall be completed, the Faculty will meet; the names of the candidates examined are to be read by the Dean; and as each name is called, the Professors are to consult their memoranda, and if no remarks be made, are to proceed to vote by ballot. If there should not be three negative votes, the candidate is to be considered as having passed, and is to be entitled to his Degree. Should three black balls be cast, the candidate is not to be considered as absolutely rejected, but is to have the privilege of another examination before the whole Faculty in joint session.

A candidate who may not have succeeded in the first ballot shall, upon declining an examination before the Faculty in joint session, have the privilege of withdrawing his Thesis, without being considered as rejected.

If, upon the name of a candidate being called out, one or more of the Faculty have remarks to make in relation to his qualifications, they are to be heard before the vote is taken.

The candidates in classes being thus disposed of, the Faculty will then proceed with those who may prefer an examination before the Faculty in joint session, and afterwards of those who, having received three negative votes, may still choose to avail themselves of the opportunity of a final examination offered by the Faculty.

Formal notice of a successful examination will be delivered upon the fees of graduation being paid, after which the candidate will insert his own name with the title of his Essay, upon the Register of Graduates. No diploma will be made out, or passed candidate reported to the Board of Trustees, except from an entry upon the Register.

If a Thesis be found remarkable for any good quality, the fact is to be reported by the Professor having charge of the thesis, to the Faculty at their meeting, who may take upon it such action as they deem advisable.
